

## Speaking Points about YES and the Breakfast

- YES is an Eastside resource for all kids & families, providing quality services for all. We're part of the community's health network and we also partner with and have a presence at over 40 Eastside schools.
- Services range from youth & family counseling (something just about every family can benefit from) to drug & alcohol treatment, violence prevention (including, bullying, internet threats, teen dating violence), and mentoring.
- YES has been a valued community resource for 42 years. With the successful completion of its capacity building campaign in 2009, it has the infrastructure and capacity to meet community need for years to come.
- The Breakfast will provide an opportunity to really learn all the things YES does and meet and hear from those YES has helped.
- Attendees are asked to make a minimum contribution of \$150. Every penny of every gift made at the Breakfast goes to YES - specifically to YES' *Lifeline Fund* to pay for those unable to pay for services. This insures in these troubling times that regardless of a family's financial situation, no youth is denied service.
